

Science in the Ancient World

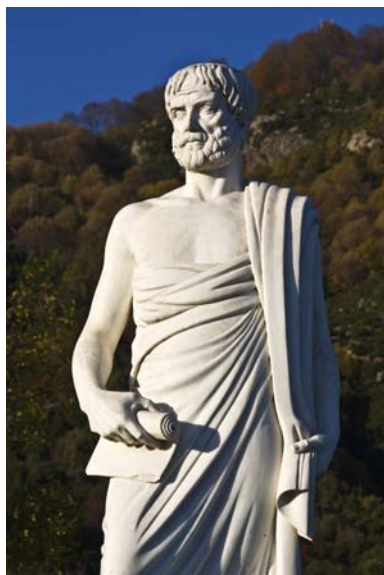

Table of Contents

Lessons 1-15: Science Before Christ, Part 1

Lesson 1: When Did Science Begin?.....	1
Lesson 2: Math and Science	4
Lesson 3: The Science of Music	7
Lesson 4: But What Is Pitch?.....	10
Lesson 5: Why is Length Related to Pitch?	13
Lesson 6: The Idea of Atoms	16
Lesson 7: Some Incorrect Ideas about Atoms.....	19
Lesson 8: Some Correct Ideas about Atoms	22
Lesson 9: An Introduction to Atoms.....	25
Lesson 10: More about Atoms and Ions	28
Lesson 11: Hippocrates and the Beginning of Modern Medicine	31
Lesson 12: Hippocrates and Blood	34
Lesson 13: Hippocrates and Bile, Part 1	37
Lesson 14: Hippocrates and Bile, Part 2.....	40
Lesson 15: Hippocrates and Phlegm.....	43

Lessons 16-30: Science Before Christ, Part 2

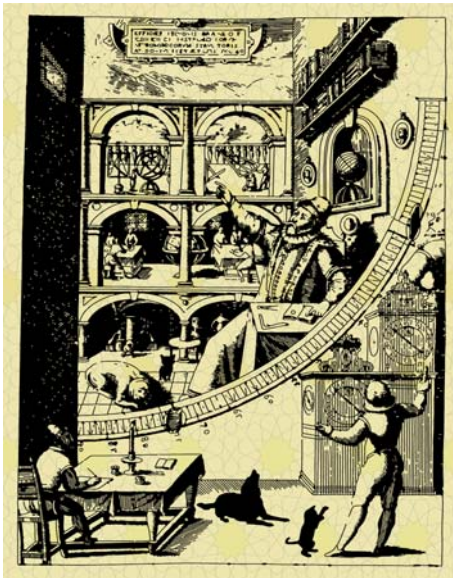

Lesson 16: Plato (c. 424 BC – c. 348 BC).....	47
Lesson 17: Aristotle (384 BC – 322 BC).....	50
Lesson 18: Things that Fall.....	53
Lesson 19: The Basic Rule of Optics.....	56
Lesson 20: Aristotle and Classification	59
Lesson 21: Aristotle and the Heavens.....	62
Lesson 22: Aristarchus (310 BC – c. 230 BC).....	65
Lesson 23: Euclid (c. 300 BC) and the Law of Reflection	68
Lesson 24: Archimedes (c. 287 BC – c. 212 BC).....	71
Lesson 25: Archimedes and the Lever.....	74
Lesson 26: Archimedes and Pulleys	77
Lesson 27: Archimedes and Pi.....	80
Lesson 28: Eratosthenes (c. 276 BC – c. 195 BC).....	83
Lesson 29: Hipparchus (c. 190 B C – c. 120 BC).....	86
Lesson 30: Hipparchus and the Sun and Stars.....	89

Lessons 31-45: Science Soon After Christ

Lesson 31: BC and AD	93
Lesson 32: Pedanius Dioscorides (c. AD 40 – c. AD 90).....	96
Lesson 33: Hero of Alexandria and Siphons	99
Lesson 34: Hero and Steam	102
Lesson 35: Hero and Flat Mirrors.....	105
Lesson 36: Ptolemy and the Universe.....	108
Lesson 37: Ptolemy and Optics.....	111
Lesson 38: Galen the Physician (AD 129 – c. AD 200)	114
Lesson 39: Galen and Blood.....	117
Lesson 40: Galen and Muscles	120
Lesson 41: Galen and Nerves	123
Lesson 42: Galen and the Voice	126
Lesson 43: Galen and Breathing	129
Lesson 44: Galen and Medicines	132
Lesson 45: Anicius Manlius Severinus Boëthius	135

Lessons 46-60: Science in the Early Middle Ages

Lesson 46: John Philoponus (c. 490–570) and Creation	139
Lesson 47: John Philoponus and Aristotle.....	142
Lesson 48: Robert Grosseteste (c. 1175–1253)	145
Lesson 49: A Curved Mirror	148
Lesson 50: Roger Bacon (c. 1214–1294).....	151
Lesson 51: A Bit More About Fire	154
Lesson 52: Roger Bacon and Lenses	157
Lesson 53: Petrus Peregrinus (lived c. 1250) and Magnets	160
Lesson 54: Petrus Peregrinus and the Compass	163
Lesson 55: Giles of Rome (c. 1243–1316)	166
Lesson 56: Dietrich von Freiberg and the Rainbow	169
Lesson 57: Thomas Bradwardine and Motion	172
Lesson 58: Jean Buridan Builds on the Work of Philoponus ...	175
Lesson 59: Albert of Saxony (c. 1320–1390)	178
Lesson 60: Guy de Chauliac (c. 1300–1368).....	181

Lessons 61-75: Science in the Late Middle Ages

Lesson 61: Nicole Oresme (c. 1320-1382) 185

Lesson 62: Nicole Oresme and Graphing 188

Lesson 63: Nicholas of Cusa (1401 – 1464)..... 191

Lesson 64: Nicholas of Cusa and Humidity 194

Lesson 65: Nicholas of Cusa and Lenses..... 197

Lesson 66: Nicholas of Cusa and Plants 200

Lesson 67: Johannes Gutenberg (c. 1398-1468)..... 203

Lesson 68: Leonardo da Vinci (1452-1519) 206

Lesson 69: How Leonardo da Vinci Wrote Things 209

Lesson 70: Leonardo da Vinci and Observing plants 212

Lesson 71: Branches and Leaves 215

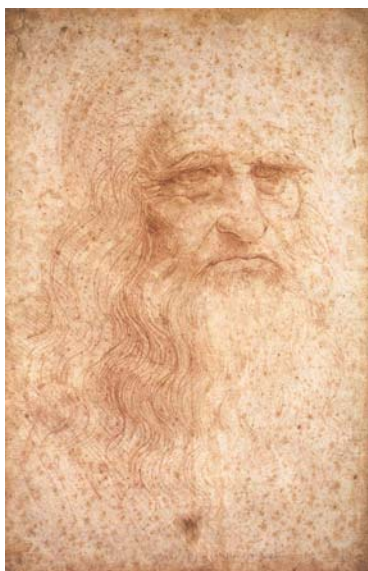

Lesson 72: Leonardo da Vinci and Tree Rings..... 218

Lesson 73: Leonardo da Vinci and Nastic Movements 221

Lesson 74: Leonardo da Vinci and Air 224

Lesson 75: Leonardo da Vinci and Plastic..... 227

Lessons 76-90: Science in the Early Renaissance

Lesson 76: Leonardo da Vinci and Density 231

Lesson 77: Leonardo da Vinci and Water Flow 234

Lesson 78: Leonardo da Vinci and Erosion 237

Lesson 79: Leonardo da Vinci and the Human Skeleton..... 240

Lesson 80: Leonardo da Vinci and Joints 243

Lesson 81: More on Joints..... 246

Lesson 82: Your Vertebral Column..... 249

Lesson 83: Leonardo da Vinci and the Structure of Bones..... 252

Lesson 84: Leonardo da Vinci and Muscles and Tendons..... 255

Lesson 85: Leonardo da Vinci and the Spinal Cord 258

Lesson 86: Leonardo da Vinci and the Heart..... 261

Lesson 87: Leonardo da Vinci and Teeth 264

Lesson 88: Leonardo da Vinci’s “Inventions” 267

Lesson 89: More About Friction..... 270

Lesson 90: More on da Vinci’s “Inventions” 273

Some Final Thoughts..... 276
